

Yeah your cheat-
ing heart
tells all right,

that is informs
us what a prick

or bitch are you!
Plus grinds to
down-depths

what's left
of your soul.

But don't fret!
No odor.

That worry more of
our precious-pooppy
times. But a some-

thing so very much
worse! Can

you recover?
Doubtful,

though being victim
recently might help.

How...do other's
lies feel, Hon?

Can you hand-
le them?
